developed in UofTHacks IV.
The winner of this prize will get Watch Dog 2 by Ubisoft!
Best Recon Mission Support App
CAD inf
This prize is sponsored by the Royal Canadian Air Force (RCAF) and Defense Research and Development Canada (DRDC).
The criteria are as follows:
a) Given a set of images with real targets please formulate a creative way of finding these targets using free/open source software and web services
b) Can a cell phone capability in a dead zone (with no cellular service) be utilized to help the air force pinpoint that target?
